

FABRIC SPECIFICATION SHEET

STYLE: **112in LightBloc Heavyweight Velour IFR**
SKU: BLAC0016

Description: An extra wide, heavyweight brushed velour with 100% light blocking properties. Superior wrinkle resistance and a soft hand make for very forgiving installations and touring.

LightBloc Velour makes an excellent front projection surface with its matte finish, warm white point and high gain. Additionally, this heavyweight fabric has both high NRC and SAA values for use as a high-performance sound barrier curtain, sewed flat or with fullness.

LightBloc Velour can be printed on for use as a light-blocking backdrop or cyclorama.

Colors: Warm White
Content: 100% Polyester
Construction: Warp Knit
Width: 112in (285cm)
Roll Length: 55 yards (50m)
