

**FABRIC SPECIFICATION SHEET**

STYLE: **60in Rip Stop Nylon IFR**  
SKU: RIPS0001-0009

Description: A lightweight, strong nylon banner fabric commonly used in displays, exhibitions and outdoor environments. Secondary weave intended to prevent rips and tears from spreading.

A polyurethane coating provides UV resistance to minimize yellowing and brittleness and adds a measure of water repellence.

Colors: Black (0001), Navy (0002), Orange (0003), Red (0005), Royal Blue (0006), Silver (0007), White (0009)

Content: 100% high tenacity Nylon

Construction: 70D 98 x 98 Weave with 6.6 SD Nylon

Width: 60in (152cm)

Roll Length: 55 yards (50m)

Weight: 74 gsm (3.1oz/sq yard)

Finish: Urethane Coating with UV inhibitors

Tear Strength: 1-4lb Warp and Fill (+/- 10%)

Tensile Strength: 80-100lb Warp and Fill (+/-10%)

FR Testing: NFPA 701, CA Title 19
